

CAT'S CLAW PLUS™

Concentrated Cat's Claw and Synergistic Immune Supporting Rainforest Herbs[◇] Cat's Claw Plus contains South American Cat's Claw (Una de Gato), along with other herbs that provide nutritional support to the immune, digestive and reproductive systems.[◇] Each of these bodily systems can use additional nutritional support since they are greatly affected by life's daily stress. Unfortunately, few of us enjoy a life that's stress-free.
