Welcome

“At Lifeplus, we want to inspire everyone to lead happier, healthier lives; to make positive choices to improve their wellbeing. That’s why we create our products the way we do; high-quality formulations of key nutrients to support the countless little miracles our bodies perform each day.

It’s our hope that our products will not only support you in feeling your best, but will inspire you – as just the first step in a new understanding of your potential to feel good in your whole self, every day.”

A handwritten signature in black ink, appearing to read 'J. Robert Lemon'.

J. Robert Lemon, Pharmacist
President and Co-Founder, Lifeplus

Introduction

Lots of companies like to say they are different, but at Lifepus we think we really are. That's because we're driven by one simple aim: Helping people to feel good.

Lifepus started when a group of people came together, united by their passion for health, lifestyle and helping others. They believed that with help and guidance, people really could transform their lives for the better.

Over two decades later, this is still what motivates us – putting people at the heart of all we do.

We create nutritional formulations that promote wellness, and help people develop their own individual understanding of the benefits of supplementation. We empower people with a home business opportunity that's flexible in fitting any lifestyle, allowing them to really explore their potential. We provide advice and guidance; drawing on our history, expertise and experience in holistic wellbeing to help anyone see that making positive changes can start with just a few small steps.

We aim to inspire people to live healthier lives – by sharing a simple approach to everyday wellbeing that's easily achievable for all.

Our philosophy for wellbeing

Our world is filled with conflicting and often confusing information, so it can be difficult to sort through the noise and really understand what's best for our individual wellbeing.

That's why we've created a simple shorthand for how we can pay more attention to our overall wellbeing in our daily lives.

We call it our **Lifepius formula**; a summary of our knowledge and experience simplified into four key areas – Eating Well, Staying Active, State of Mind and Nutritional Supplementation. The idea behind this is simple – if you combine all elements of our formula together, you will be positively contributing towards your holistic wellbeing.

Insight and experience: our legacy

It's their passion and shared expertise drawn from years of first-hand experience in treatment that ensures every formulation is not only innovative, but is activated by the complex relationships between nutrients and the human body.

In creating our products, we're building on the legacy established by our chief formulators:
Lifepius founder and President J. Robert (Bob) Lemon, R.Ph and Dr. Dwight McKee.

Bob began his professional career as a pharmacist, providing prescriptions to thousands through a number of successful pharmacies based in the US. He had the foresight to recognize the potential of nutrition in helping his customers, as well as the increasingly prominent role it would play in modern medicine. Making it his mission to make high-quality supplements available directly to the consumer, he purchased a supplement manufacturer based in the US, making sure he could closely monitor the supply and quality of the products.

Dr McKee's extensive medical biography includes an academic background in pharmacology, laboratory research and clinical medicine, before undertaking twelve years' study and practice of nutritional and complementary medicine disciplines as a medical director at the first integrative medicine clinic on the US East Coast.

Working with cancer patients in his practice inspired him to develop his expertise further. He became board certified in Internal Medicine, Hematology and Oncology, practicing these disciplines for six years at top clinics across the US, and has additionally pursued advanced studies in Immunology.

Board certified in nutrition by the American College of Nutrition and the American Board of Holistic Medicine, Dr. McKee's in-depth and wide-ranging experience in specialized medical practice, nutritional science and complementary medicine make him one of the most knowledgeable researchers and clinicians worldwide.

Drawn together by their mutual passion for the potential of nutritional science, Dwight and Bob began a partnership that has ensured Lifeplus products throughout our history represent the very best in nutritional supplementation to suit any individual's needs.

Optimal Products for Optimal Wellness

A varied diet is one of the most important requirements for optimal health. Understanding how to achieve a balance of essential nutrients is key to helping anyone feel their best.

Food supplements aren't a replacement for a diversified diet, or indeed for looking at your overall wellbeing, but at Lifeplus we intuitively understand the value of supporting dietary nutrition with natural, quality products.

We've extended the same thinking and expertise to our personal care range; revitalizing products for skin and beauty that combine natural extracts with scientific expertise to help you feel your best, inside and outside.

Distinguished by the knowledge and expertise of our formulators, we believe all our products to be amongst the very best available in helping everyone to explore optimal wellness through supplementation.

Our commitment to quality

As nutritional science has developed, it seems there's more choice than ever before for anyone looking to supplement their diet. That's why it's important to understand that not all supplements are the same.

For us, this means rigorous best practice in our manufacturing, so that we're not just talking about quality; we're demonstrating the very highest quality in every product we make.

Quality at Source

We like to pay attention to the tiniest of details, so we manufacture the majority of our products ourselves in Batesville, AR (USA). We monitor and control the entire process, start to finish, ensuring a gold standard for quality control.

This also means we can draw on our decades of experience in formulation and logistics to ensure not only that every Lifeplus product is created using the highest quality ingredients – but guarantee the best price possible.

Synergy

Our formulation and manufacturing takes our ingredients a stage further, by looking at the relationships between nutrients. It's called synergy – combining nutrients to create the maximum possible nutritional benefit, not just in terms of how they work with one another, but also how they can be best absorbed by the body.

We carefully consider, test and then select specific combinations of nutrients for inclusion in each product, resulting in combinations that offer more than just the sum of their parts and go beyond the 'basics'. For us, state of the art nutrition is standard.

Proprietary PhytoZyme® Base

In the manufacture of nutritional supplements, it's common industry practice to bind and hold ingredients together using an artificial 'filler' agent. Instead of this, we use our proprietary PhytoZyme® Base. Made from special herbs, phytonutrients, co-factors, plant enzymes and more than thirty different fruits and vegetables, it's a totally natural bonding agent that also synergistically assists in the assimilation of our products' active ingredients.

Sensitive Production

In a standard production cycle, it's common for the heat generated during the manufacturing process to destroy the potency of the enzymes and vitamins within a supplement – resulting in a less effective end product.

That's why we use 'Cold Processing'. This process minimizes heat, ensuring that the benefits of our carefully selected combinations of nutrients are fully preserved in the final product.

Nutritional Supplements

Our nutritional supplements feature a wide range of high-quality products. Whatever your nutritional need, the Lifeplus range aims to have something for everyone!

Lifeplus Recommends

Convenient and comprehensive, our Product Packs represent ideal combinations of our most popular products, carefully selected to combine and maximize the effects of the ingredients within, and provide you with the confidence that you're receiving a full range of high-quality nutrients to support your wellbeing.

Maintain & Protect 100 Gold

The complete Maintain and Protect solution which also includes our popular OmeGold product, a high-quality formulation containing DHA/EPA fish oils shown to support and contribute to cognitive and cardiac functions, as well as vision.³ Combined with our Daily BioBasics and Proanthenols to create a truly comprehensive nutritional supplement solution.

Proanthenols® For Real Antioxidant Protection

Proanthenols® contain antioxidant protection based upon 50 years of research by Dr. Jack Masquelier and Berkem Laboratories in Southern France. Proanthenols® is not a pine bark or grape seed product that you can find on a retail shelf, but is built upon Real OPCs™, which are concentrated extracts from special grape seeds and certain types of pine bark found in southern France.

As an added bonus, Proanthenols® help all other antioxidants (including vitamins C and E) work more efficiently in your body! Real OPCs provide nutritional protection for your cells against free radicals and help support the collagen structure in your body.⁹ Its popularity and proven effectiveness make it one of our most significant products.

Why do we need antioxidants? Smoke, air pollution, alcohol, drugs, radiation from televisions and computers, chemicals and a busy life generate free radicals. Free radicals attack all your vital cellular structures.

Help protect your cells with the powerful effects of Proanthenols®.⁹

OmeGold® Proprietary Omega-3 Oil Blend Rich in DHA and EPA

OmeGold sets itself apart by including a specialized mix of essential plant oils, which are potent fat-soluble antioxidants. Each softgel capsule contains a precise blend of DHA and EPA omega-3 fatty acids combined with vitamin D and an exclusive proprietary blend of antioxidant-rich essential oils. OmeGold is a safe and effective way to help ensure your entire family is supplied with essential omega-3 fatty acids. Research has shown that DHA is a critical component of the brain. In fact, one quarter of all brain lipids are comprised of DHA.

OmeGold is full of the omega-3 fatty acids that play an important role in a healthy diet.⁹

ANTI-STRESS FORMULA

Take Control of Your Occasional Stress

Anti-Stress Formula is a comprehensive formula to help control occasional stress.⁶ It contains amino acids such as L-tyrosine and L-phenylalanine that can be converted into the “feel-good” neurotransmitters in the brain, which need extra support under stress.

We have combined these compounds with essential B-Complex vitamins, along with botanical extracts of American ginseng, eleuthero root extract, gotu kola, ginkgo biloba and wild yam. Other synergistic nutrients such as bioflavonoids are included to provide you with much more than just a regular stress formula.

BONE BUILDER

Promotes Strong Healthy Bones^Ø

Are all calcium formulas alike? There are some important elements that may affect the way your body uses calcium. To help you get the most out of our supplements, we included synergistic compounds that prepare your body for proper calcium absorption and utilization.^Ø

We've included ipriflavone, a recently available leading edge nutrient, that promotes the healthy process of incorporating calcium into bone. Also included are folic acid, vitamin B-12 and a special metabolite of vitamin B-6, which all support healthy calcium and bone metabolism.^Ø

The Bone Builder formula also contains a highly absorbable form of calcium, as a calcium citrate/malate complex. People of all ages should support healthy bones with regular exercise, and a healthy diet including sufficient calcium. Take advantage of the newest research in bone health with Bone Builder.

Brain Formula Helps Energize Your Mind^o

The final decade of the 20th century witnessed an explosion of research in the neurosciences. We now have evidence suggesting that the special nutrients and unique plant extracts included in Brain Formula help neurons (brain cells) maintain healthy cellular energy production by promoting healthy mitochondrial function, scavenging free radicals and promoting healthy blood circulation.^o

Antioxidants, specific neurotransmitter nutrients and synergistic herbal concentrates included in Brain Formula support healthy brain cell communication, especially throughout the vast network of tiny blood vessels of the brain, enabling you to stay focused, alert and functioning at peak mental capacity.^o Activity of the neurotransmitters nutritionally supported by Brain Formula is associated with healthy mood, memory, mental acuity and alertness, without need for stimulants such as caffeine.^o

CalMag Plus™ Calcium and Magnesium for Overall Health[◊]

Your body actually needs calcium for more than just your bones and teeth; it is also critical for your muscles, heart and nervous system. CalMag Plus is pH-balanced, which is essential for the best absorption of calcium. Vitamin D, vitamin K, trace minerals and boron play specific roles in healthy calcium metabolism, teaming up with calcium and magnesium to promote healthy bone structure, enhance muscle tone and relaxation and maintain dental health.[◊] Adequate Calcium and vitamin D throughout life, as part of a well-balanced diet, may reduce the risk of osteoporosis. Magnesium is critical for more than 300 different enzyme systems in the body and is necessary for healthy bones and ATP production, which provides cellular energy.[◊]

Maintain the structure of your bones and muscles, digestive pH balance and all your cells with CalMag Plus.[◊]

Circulation Formula Stimulates Circulation Naturally^o

Researchers won the Nobel Prize for proving that the main ingredient in Circulation Formula, L-Arginine, produces “NO” in your body. “NO” stands for nitric oxide and is actually what your blood vessels use to stay dilated (open) so your blood can flow through them more easily and efficiently. Circulation Formula is a premium formula that also contains synergistic B-vitamins and high-quality herbal extracts, including ginkgo biloba, horse chestnut seed and butcher's broom extracts, which support healthy arteries and veins.^o The organs in your body for which optimal blood flow is most critical are your heart, brain and sex organs.

Colon Formula

Cleanse Your System with Six Types of Fiber

Routinely cleansing your system promotes overall wellness by helping to maintain a healthy colon. Colon Formula is a unique proprietary blend of different high-quality soluble and insoluble fibers, along with valuable herbal concentrates and a synergistic blend of beneficial microflora (probiotics). Together, they help maintain healthy colon ecology and intestinal acid-alkaline balance.[◊] Colon Formula helps to keep the transit time of digested food through your colon at a healthy rate and promotes routine elimination.[◊] A diet rich in fruits, vegetables and other whole foods, combined with Colon Formula, supports natural cleansing and colon health, as well as already healthy cholesterol levels.[◊] Colon Formula can be added to your Daily BioBasics™ for a more advanced routine cleansing or used periodically for more intensive cleansing.

Support natural cleansing and colon health.[◊]

Digestive Formula

Unique digestive tract formulation

Digestive Formula is a unique digestive supplement that helps support the acidifying and enzymatic steps in the healthy digestive process.^o Acidifying nutrients support an environment which normally helps to initiate and facilitate digestion. Supportive carbohydrate, protein and fat-hydrolyzing enzymes further support this process. The multifunctional pancreatic enzymes are especially important, because they help the digestion of all foods, including proteins, fats and complex carbohydrates.^o Use of Digestive Formula can help improve digestion in many people.^o

You are what you eat, digest and assimilate.

Lifeplus Discovery

An anti-aging supplement combining a traditional Chinese herb extract with cutting edge science.^Ø

Lifeplus Discovery is one of the most exciting new products we've ever created. Designed in recognition of the fact that aging is not just about what's on the outside, but the inside too, Lifeplus Discovery uses a concentrated, high-quality extract of the Astragalus root. Used in China for thousands of years, in its most concentrated form, Astragalus contributes to the longevity of stem cells, prolonging and enhancing their ability to repair themselves, and manufacture new cells for the whole body – helping to combat the aging process at a cellular level.^Ø

Discover new possibilities at any age – with Lifeplus Discovery!

D-Mannose Plus

Supports Urinary Tract Health^o

D-Mannose is a natural sugar, which is minimally metabolized for energy, and does not stimulate insulin release. It is useful as a dietary supplement, especially when combined with cranberry extract which is a natural source of D-Mannose, as well as many other phytonutrients. Together, they help support healthy bladder and urinary tract function.^o

Native to North America, and a distant cousin to the European cowberry and huckleberry, the cranberry was recognized by Native Americans as a staple part of their diet. Today, cranberry-based products are enjoyed worldwide.

D-Mannose Plus is a quality nutritional supplement based on our proprietary D-C Complex™ (D-Mannose and Cranberry Extract), manufactured to high quality standards in an easy-to-use capsule form.

Endocryn DHEA™ Help Turn Back the Clock

As we all know, our bodies change throughout our lifetime. One of the changes that occurs is that the amount of dehydroepiandrosterone (DHEA), a natural steroid hormone produced from cholesterol by the adrenal glands, begins to steadily decrease as we age. As a result more must be obtained from our diets in order to maintain the levels we had during our youth.

Endocryn DHEA Tablets makes supplementation of DHEA an easy way to support your metabolism.^o

Evening Primrose Oil Especially Rich in Unsaturated Fatty Acid

Evening Primrose Oil is one of the most precious and valuable oils in nature. Especially appreciated by tribal medicine men of the North American Indians, it contains a large amount of gamma-linolenic acid and linoleic acid in essential fatty acids. The oil plays a part in the healthy production of 'prostaglandin' in males.

The precious oil of Evening Primrose provides rich support for improved bodily functions.⁹ Women notice that Evening Primrose Oil works pleasantly with a harmonizing effect for women especially on 'critical days'.

The positive effect on the condition of the skin and fingernails is also noticeable..

Fusions Red™ Ultra concentrated fruit blend

Maintaining healthy joint function is important to enjoying a full, active lifestyle. Fusions Red is made from a highly concentrated “super fruit” blend (Sour Cherry, Pomegranate, Concord Grape, Black Cherry, Goji, Mangosteen, Açai and Sea Buckthorn) providing you with a powerful boost of natural antioxidants. Developed with our proprietary cold process concentration technology, Fusions Red is unique because it allows for the naturally occurring phytonutrients to remain intact, delivering a full complement of those phytonutrients in a highly bioavailable form.

- 100 percent all natural and processed without chemical solvents.
- Helps maintain healthy joint function and comfort. This breakthrough product is a perfect compliment to other Lifeplus products for supporting joint health (Joint Formula, Lyprinex, MSM Plus and Somazyme).
- Contains key antioxidants to help support a healthy immune system.
- All vegetable, including capsule delivery system.
- Great for kids too! Delicious chewable capsule that can also be squeezed on foods.
- Helps maintain muscle comfort; take 1 – 2 before and/or after workouts.

Proprietary cold process concentration technology, giving you the best that nature has to offer.

Micro·Mins™ Plus

Supports Overall Health & Wellness^o

Minerals are the foundation of our bodies since minerals are components of hormones and enzymes that are responsible for our biochemical life. Lifeplus carefully researched the various sources of the minerals contained in Micro-Mins Plus™ and uses only the best-quality plant-derived colloidal minerals available.

These minerals are found in organic humic shale that, during prehistoric time, was lush vegetation. As the plants died, they accumulated and through nature's forces eventually compressed and dried, forming the minerals now found.

A special process has been developed to extract the minerals in a highly concentrated, usable form. Micro-Mins Plus contains a wide variety of high-quality trace and ultra-trace minerals that you need to provide nutritional support to your entire body.^o Micro-Mins Plus is a quick and easy way to supplement these minerals in your diet on a regular basis without having to purchase numerous supplements.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

MSM Plus™ Promotes Healthy Connective Tissue.◊

As a dietary supplement, MSM Plus represents a highly bioavailable source of sulfur, a mineral element critical to the normal function and structure of the body.◊

This mineral is needed for the manufacture of many proteins rich in sulfur containing amino acids, including collagen, the primary protein of connective tissue, skin, hair, bones, teeth, and insulin. Sulfur is also a component of bile acids, and therefore contributes to fat digestion and absorption.

Paracleanse

For Periodic, more Intensified Cleansing^o

Paracleanse is a synergistic combination of herbs, herbal extracts, sulfur-containing amino acids and MSM, carefully designed to support healthy cleansing of your system.^o

Because Paracleanse promotes intensive cleansing, we suggest that you only use it for about 10 to 12 days, once every 3 or 4 months. Just take a full supply as described on the label. This provides further beneficial cleansing and can augment the routine cleansing of Daily BioBasics™.^o

One bottle of Paracleanse tablets 3 or 4 times a year, provides “extra cleansing”^o

Prostate Formula For Men of All Ages

As men mature it is important to focus on their prostate health. Paying extra attention to their diet is one very important step for men to take. They should especially avoid extra saturated fats and eat a plentiful supply of colorful fruits and vegetables. A healthy prostate can also be supported by adding the high-quality nutritional support contained in Prostate Formula.[◊] The high-quality extracts from saw palmetto berries and pygeum are included for their legendary activity in sustaining healthy prostate and sexual function.[◊] The lipid fraction of pumpkin seeds are rich sources of beta-sitosterol which, in its purified form, also supports prostate health.[◊] Interestingly enough, this same formula provides outstanding nutritional value for health of the female cervix and helps maintain vigorous sexual energy for both men and women.[◊]

Prostate Formula is a convenient way to support your prostate health.[◊]

SlenderLean® The Dieter's Choice

How does SlenderLean® help support weight management and appetite? Using modern science to unlock the secrets of Nature's ancient magic, substances from two tropical trees, the Cacao tree (*Theobroma cacao* – meaning “food of the gods”), and *Cinnamomun cassia*, whose dried inner bark supplies the spice cinnamon, along with the amazing extract of Arctic Golden Root (*Rhodiola rosea*), Lifeplus researchers have created SlenderLean – a breakthrough product for the nutritional support of healthy moods, energy, appetite, and weight management, as part of a complete program of diet and exercise.[†]

This completely unique and patented product is the culmination of many years of research, which have resulted in a proprietary botanical blend that cannot be duplicated.

Somazyme™ Supports a Healthy, Youthful Body[‡]

Think about all the chemical reactions that occur in our bodies within the period of a minute. They are too numerous to mention. Our bodies use enzymes to support these chemical reactions. Unfortunately, because of improper diet and the fact that heat destroys many enzymes, you may not be receiving all you need to properly support your overall health.

Somazyme is an easy way to supplement your daily enzyme intake. Somazyme supports the body's natural ability to break down many of the larger molecules, so that they can be metabolized in a healthy way. The enzymes in Somazyme naturally and nutritionally support a youthful body and provide antioxidant support, as well as support healthy pancreas and immune system function.[‡]

Ubiquinol 100 Advanced Co-Q-10 Formula

Ubiquinol is the active antioxidant form of Co-Q-10 and is considered to be one of the strongest lipid soluble antioxidants. It is pre-converted, so it is easily assimilated and utilized by the body. Ubiquinol is a critical component of cellular ATP (energy) production within every mitochondria – the “powerhouse” for all cells – in your body. As a result, it plays a vital role in generating energy to power organs such as the brain, heart, kidneys, liver and lungs. The body’s natural production of Co-Q-10 diminishes with age, as does the ability to convert the nutrient into ubiquinol. While everyone is different, maintaining a healthy level of Co-Q-10 is very important.

- Is one of the most potent fat-soluble antioxidants available. And, because it is fat-soluble, Ubiquinol penetrates deep inside your cellular and mitochondrial membranes.
- Protects your energy-producing mitochondria from free radical damage, thus indirectly supporting energy production.^o

- Is absorbed more efficiently than the standard Co-Q-10.
- Recharges other antioxidants in your body, such as glutathione and vitamins A, C and E.^o
- Supports cardiovascular and cognitive health.^o
- Promotes healthy lifestyles as well as increasing your energy and stamina.^o
- Is a major cellular communication substance, as it has been shown to activate nearly 700 different genes!^o

Ubiquinol 100 helps maintain a healthy body by giving you more energy and even better antioxidant protection.^o

Vitamin-C-Plus Supports Healthy Immune System[†]

Vitamins are classified as “essential” or “nonessential” based upon whether or not your body sufficiently manufactures it. Vitamin C is considered to be an essential vitamin. Lifeplus Vitamin-C-Plus tablets provide the body with not only the essential vitamin C it requires, but also with synergistic bioflavonoids.

Vitamin C is an important antioxidant and promotes a healthy cardiovascular system.[†] In addition, it provides nutritional support to your immune system, helps you maintain healthy eyes, liver and adrenal gland function, while serving as a key building block in collagen.[†] Vitamin C also enhances the body’s ability to cope with occasional stress and frustration.

Lifeplus uses only high-quality raw materials in manufacturing its nutritional supplements. Vitamin-C-Plus is formulated with the best possible sources of vitamin C to allow the body to fully utilize this essential vitamin.

Vitamin-E-Complex

Why use Vitamin-E-Complex?

Vitamin E is one of the single most important antioxidants and is considered to be the master vitamin that provides nutritional support to the lipid portions of our cells, such as the cell membranes.⁰

Vitamin E helps nutritionally support red blood cells that carry oxygen to tissues and organs throughout the body.⁰ It is an antioxidant that helps support the nervous, cardiovascular and circulatory systems.⁰

The Lifeplus Vitamin-E-Complex contains all eight isomers that constitute the natural vitamin E family (4 forms of vitamin E and 4 forms of tocotrienols) in ratios similar to those found in nature.

Vita-Saurus®

Specifically formulated with children in mind

As children grow and develop, it's important that they eat a balanced diet. Of course, this is often easier said than done.

That's why Lifepilus created Vita-Saurus®, a multivitamin formulated specifically to supplement your child's diet.

Vita-Saurus includes essential nutrients such as:

- Vitamin D which is needed for normal growth and development of bones in children
- Iodine which supports normal growth in children

These chewable tablets are easy to take and taste great too. Now available in natural orange flavor.

X-Cell™ Circulation Enhancer⁰

X-Cell is an arginine-based formulation designed to support healthy nitric oxide production, facilitate ammonia and lactate removal to moderate muscle fatigue, support immune health, maintain acid-base balance and provide antioxidant protection.⁰ It is provided in a great-tasting sugar-free, citrus-flavored powder for convenient use

Researchers won the Nobel Prize for proving that the main ingredient in X-Cell – L-Arginine – produces “NO” in your body. “NO” stands for nitric oxide and is actually what your blood vessels use to stay dilated (open) so your blood can flow through them more easily and efficiently.

The organs in your body for which optimal blood flow is most critical are your heart, brain, and sex organs. Firm up your circulation with X-Cell!⁰

Bodysmart™

Bodysmart Solutions Triple Protein Shake – Chocolate & Vanilla Amino Acids, Vitamins and Minerals in a Triple Protein Powder

Each serving of Bodysmart Solutions Triple Protein Shake is a great addition to your daily diet that provides 20 grams of high-quality protein from three different sources: whey, milk and soy. This means you will receive the full spectrum of amino acids in a readily useable form.

The Bodysmart Solutions Triple Protein Shakes also contain highly bioavailable calcium, magnesium and potassium. Dairy calcium may be beneficial in your diet. These Protein Shakes also contain just one-half gram of fat, and one to two grams of carbohydrates (one gram in vanilla flavor, two grams in chocolate).

BODYSMART SOLUTIONS – Men's & Women's Gold Vitamin, Mineral and Herb Tablets for Women and Men

Specially formulated vitamin supplements to be synergistic with the vitamins and nutrients found in the Bodysmart Solutions Triple Protein Shake. If your body does not have all the nutrients it needs to work at maximum efficiency, this will slow down your fat loss. By taking these vitamin formulations, you will get 100% or more of the daily values of all vitamins and minerals without risk of exceeding the safe levels of certain nutrients.

By taking the Bodysmart Solutions Multivitamin Formulas for Men and Women in conjunction with your Bodysmart Solutions Triple Protein Shakes, you can be assured that not only are you receiving all the nutrients that are essential but also a spectrum of nutrition that goes far beyond that.

Vegan Protein Shake – Chocolate

For Healthy Weight Management and Nutrition

The **Bodysmart Solutions Vegan Protein Shake** is a great addition to your daily diet. Each serving provides high quality protein from two different sources – pea and brown rice protein – in a readily usable form that is suitable for vegans.

This tasty shake is an ideal support for both weight loss programs and performance. The formula supplies protein as an energy source, with low fat and carbohydrate content. For those who are looking to perform to their best in sports or other exercise, protein is an element in supporting muscle growth and maintenance.

A low fat, protein-rich and tasty vegan drink for those who want to be **Bodysmart!**

ForeverYoung®

Advanced performance skin care

Anti-Aging Serum

An invigorating combination of Green Tea, Pomegranate and Grape Seed Extracts along with Pumpkin Enzymes. Formulated for all skin types.

Product 4541

Day/Night Renewal Moisturizer

Balancing moisture to improve the condition of your skin. To further nourish and hydrate, extracts of Spirulina and Ginseng will give your skin what it needs to stay soft, smooth and absolutely rejuvenated.

Product 4543

Purifying Cream Cleanser

Normal to Dry Skin Formula.

This creamy-rich and gentle formula is perfect for normal to dry, delicate skin. Gently and effectively dissolves facial makeup and dirt, then rinses away cleanly. Leaves skin feeling soft, soothed, comfortable. Panthenol and Walnut Seed Extracts are combined to encourage clarity and brightness. This cleanser is specially formulated to help keep skin purified with a fresh, healthy feeling.

Product 4540

Eye Complex

Soothing and delightfully refreshing, this unique eye cream contains a blend of Soy and Hydrolyzed Rice Peptides, which instantly hydrate. An innovative blend of Palmitoyl Oligopeptide and Palmitoyl Tetrapeptide-3 combined with the antioxidant benefits of Vitamins A, C and E to help this vulnerable area maintain a strong moisture barrier.

Product 4544

Eye Firming Gel

Advanced revitalizing gel containing White Tea Extract to help reduce dark circles and puffiness around the delicate eye area. The texture is light and absorption is quick, leaving the skin protected and hydrated. Oil free, fragrance free.

Product 4542

Bodycare products

Treat your body to a little pampering with our bath and bodycare products.

ForeverYoung® Botanicals

Bath & Shower Gel

Nourishing botanicals, gentle cleansers and the rejuvenating aroma of Peppermint, Rosemary and Lavender essential oils replenish your skin and revitalize the senses. Formulated to help exfoliate your skin. Skin-softening moisture-filled beads instantly restore your skin's natural glow. Contains Panthenol and Hydrolized Wheat Protein to help moisturize and Chamomile Extract to soothe and calm your skin. Vitamin E and White Tea Extract provide antioxidant and nourishing benefits leaving your skin clean, soft and rejuvenated. Formulated for all skin types.

Product 4564

Body Lotion

Ultra hydration with the benefits of three moisturizers including Jojoba Oil, Shea Butter and Sodium Hyaluronate. This moisture-rich lotion contains Aloe Vera to soothe and calm your skin along with the protective antioxidant White Tea Extract. Scented with the fragrance of natural essential oils, this hydrating body lotion leaves you with soft radiant skin. Formulated for all skin types.

Product 4565

Conditioner

This energizing conditioner is formulated to provide daily protection from damage. Silk Amino Acids and Wheat Protein help protect your hair while Aloe Vera soothes and calms the scalp. It is lightly scented with the infused essential oils of Lavender, Rosemary and Peppermint and contains White Tea Extract and Vitamin E, which provide antioxidant and nourishing benefits improving the condition of your hair leaving it with an incredible shine. Formulated for all hair types.

Product 4563

Shampoo

Healthy hair begins with a healthy scalp. Mild enough to use every day, this lightly fragranced shampoo infuses your hair with the essential oils of Peppermint, Rosemary and Tea Tree to energize and invigorate your hair and scalp. Formulated with Algae Extracts to nourish and support your hair along with the stimulating properties of Cucumber Extract. Willow Bark and Sage Extract replenish moisture and shine, leaving your hair soft, silky and healthy looking. Formulated for all hair types.

Product 4554

Hand Cream

What is the secret to beautiful hands? Forever Young Botanicals Hand Cream is enriched with clinical levels of Whey Protein, which has been shown to reduce the appearance of fine lines and wrinkles. Also containing clinical levels of Hazelnut Protein to help the skin restore its own moisture barrier as well as containing over five moisturizers including Shea Butter, Squalane, Sodium Hyaluronate, Sunflower Oil and Sodium PCA to protect against moisture loss. Formulated with Aloe Vera to soothe and calm your hands as well as Sea Kelp Extract. It contains an antioxidant blend of Pomegranate Extract, Vitamin A and Vitamin E to help protect your skin, leaving your hands feeling soft and hydrated.

Product 4566

Foaming Hand Wash

Don't just wash your hands; treat your hands to something special with the Forever Young Botanicals Foaming Hand Wash. The gentle, foaming action of non-aerosol Foaming Hand Wash rinses away clean, leaving hands feeling refreshed and rejuvenated with every wash. Formulated with Aloe Vera to moisturize while it cleanses, this self-foaming liquid hand wash is mild enough for frequent use, making it perfect for those in a dry environment or who need to wash their hands frequently at home or work.

Product 4549

Discover more

Our aim has always been to help people help themselves. We firmly believe that when people are given support, guidance and advice, they can achieve amazing things.

One aspect of this is of course our Lifeplus products, through which thousands of people around the world have already connected with us. But our philosophy of sharing knowledge and understanding is also at the center of an opportunity available to everyone.

Over the years, we've built a strong community of like-minded people, who began by looking to share this knowledge with others, and by doing so, discovered a little more about their own potential...

Let's talk...

A good conversation can be rewarding. Talking and sharing, making connections and learning more about yourself and others is one of life's great pleasures.

This simple notion is the pathway to exploring our home business opportunity. As you become more knowledgeable about our products and the potential benefits of nutritional supplementation, you may find yourself with the opportunity to share your enthusiasm in conversation with a friend, for example.

Should they then decide to try Lifeplus products for themselves, and mention you when placing their order with us, you'll enjoy a 'bonus' earned through the Lifeplus compensation plan – a clear and generous earnings structure that rewards you for taking the time to recommend our products.

Your Potential. Your Way.

If you decide to start your own Lifeplus business, you can do so in a way which suits you. There's no pressure; you're completely free and independent to explore and develop at your own pace, working from home. For example, you may just like to spend an hour or two a week sharing your enthusiasm with a close network of friends or family.

You may decide you want to take it a little further. If you choose to make more connections, you can begin building a network of partners and customers of your own, and enjoy potential rewards that will reflect the time and effort you're willing to invest.

What you need to know

Working with Lifeplus is easy, transparent – and there's no risk. There are no fees, and because we ship our products directly to every customer, this also means you're never required to bulk purchase or stockpile inventory. It's part of our way of encouraging anyone to feel they can explore their own potential with us, without commitment, and without obligation.

If you think you'd be interested in seeing how we can support you in exploring your own opportunity, **then we'd love to talk to you.**
